Carlson reviewed an action item report to continue supporting the responsible tourism messaging of Keep JH Wild year- round. Effort includes a digital only social media campaign that will be very targeted to visitors to provide the KJHW messaging top of mind during a period when Jackson experiences the most visitation. The messaging will link to the sustainability page on the
visitjacksonhole website. This messaging is not promoting visitation to Jackson Hole in the summer, rather responsible tourism and branding while the visitor is here. The messaging will only highlight the six tenants of responsible tourism and the Tag Responsibly initiative. Request was to allocate $30,000 from reserves.
