6. Consideration of Approval of Notice of Award for the 2019 Gros Ventre Bank Stabilization Project

Brian Schilling, Pathways and Trails Program Coordinator, presented to the Board for consideration of approval a notice of award for the 2019 Gros Ventre Bank Stabilization project. The pathway south of the Gros Ventre Bridge also tends to flood during spring runoff, and this has become more frequent since the major bank erosion in 2017. Further erosion of the south bank and lateral shift of the river channel will threaten the County-owned pathway and bridge, and eventually could threaten the highway bridge as well.
