### 3. Consideration of Approval of a Resolution Calling for Spring Creek ISD Bond Election

To approve the resolution authorizing a special mail ballot election, to be held on December 18, 2018, to incur indebtedness by the Spring Creek Improvement and Service District, as presented.

RESOLUTION OF THE  
BOARD OF COUNTY COMMISSIONERS  
AUTHORIZING SPECIAL MAIL BALLOT ELECTION  
TO INCUR INDEBTEDNESS

BY  
SPRING CREEK IMPROVEMENT AND SERVICE DISTRICT  
For Tuesday, December 18, 2018

WHEREAS Spring Creek Improvement and Service District (the "District") is a duly created, organized, and existing improvement and service district and political subdivision of the State of Wyoming which provides amongst other things, water for the residents of Spring Creek Ranch; and

WHEREAS the District's water system is in need of construction, improvement, repair, and preventive maintenance, but the District lacks the requisite funding; and

WHEREAS the District is authorized by resolution of its Board of Directors to submit to its qualified voters by mail ballot the proposition of incurring indebtedness to provide for the construction, improvement, replacement, repair, and financing of the water system; and

WHEREAS the District Board has determined that it would be in the best interest of the District to borrow funds from an institutional lender or by issuing bonds, for the construction, improvement, repair, and preventive maintenance of its water system; and

WHEREAS at a District meeting held on October 5, 2018 the Board passed a resolution authorizing and approving a special mail ballot election to be held on December 18, 2018 where there shall be submitted to the qualified electors and landowners of the District the proposition incur indebtedness with an institutional lender or by issuing bonds in an aggregate principal amount not to exceed \$600,000.00 at a maximum rate of interest not to exceed 2.5% per annum for a period not to exceed 30 years for the purpose of financing to provide for the construction, improvement, replacement, repair, and financing of the water system, at Spring Creek Ranch, such indebtedness to be repaid by ad valorem taxes and/or connection and user fees of the owners within the District. A copy of the Spring Creek Improvement and Service District resolution is attached hereto.

NOW THEREFORE BE IT RESOLVED by the Board of County Commissioners of Teton County, Wyoming authorize and approve a special mail ballot election to be held on December 18, 2018 by the Spring Creek Improvement and Service District where there shall be submitted to the qualified electors and landowners of the District the proposition incur indebtedness with an institutional lender or by issuing bonds in an aggregate principal amount not to exceed \$600,000.00 at a maximum rate of interest not to exceed 2.5% per annum for a period not to exceed 30 years for the purpose of financing to provide for the construction, improvement, replacement, repair, and financing of the water system, at Spring Creek Ranch, such indebtedness to be repaid by ad valorem taxes and/or connection and user fees of the owners within the District.

BE IT FURTHER RESOLVED that the mail ballot election shall be held in accordance with Wyoming Statute § 22-29-101 et. seq. of the Special District Elections Act and in accordance with the rules promulgated by the Wyoming Secretary of State relating to special district mail ballot elections and in accordance with the Resolution of the Spring Creek Improvement and Service District attached hereto. The District and the Teton County Clerk are authorized and directed to take all actions required by Wyoming Statutes and rules promulgated by the Wyoming Secretary of State to conduct a special mail ballot election on December 18, 2018.

## **MATTERS FROM COMMISSION AND STAFF:**

### **1. Consideration of Payment of County Vouchers**

A motion was made by Commissioner Vogelheim and seconded by Commissioner Epstein to approve the November 13, 2018 county voucher run in the amount of \$1,157,367.96. Chair Newcomb called for a vote. The vote showed all in favor and the motion carried.

A motion was made by Commissioner Vogelheim and seconded by Commissioner Rhea to approve the November 13, 2018 county voucher run for election judges in the amount of \$8,585.27. Chair Newcomb called for a vote. The vote showed all in favor and the motion carried.

### **16. Consideration of Financial Assistance to the Children's Learning Center**

Alyssa Watkins, BCC Administrator, presented to the Board for consideration of approval a request from the Children's Learning Center (CLC) for financial assistance with higher than normal water/sewer bills associated with a leak in the irrigation system at the Rafter J. childcare facility. The Children's Learning Center occupies space in a Teton County-owned facility in Rafter J, located at 1300 Valley Spring Road. CLC pays a de minimis rent to the County for use of the facility and the County provides major building maintenance/repair, grounds maintenance, and snow removal services at no cost to CLC. In September 2018, the Board of County Commissioners received a request from the Children's Learning Center for financial assistance to help cover the costs of higher than normal water/sewer bills for the months of June, July, and August (2018) related to a leak in the irrigation system at the Rafter J facility. It is staff's understanding that CLC did not receive June and July water/sewer billings until August, which is the reason the leak was not discovered in a timelier manner. Once the leak was discovered, CLC staff worked with outside vendors and Parks and Recreation staff to locate the leak and make repairs to the irrigation system. In the interim, total water/sewer billing for that period came to approximately \$9,500, as compared to historic billings for the same timeframe of approximately \$1,700. Given a net "overage" or excess amount owed of approximately \$7,800 (the difference between the \$9,500 in current charges and the \$1,700 in historic charges), CLC requested billing relief from the Town of Jackson and was granted a one-time "adjustment" or credit of \$2,317.85, leaving CLC with approximately \$5,500 in unanticipated water/sewer charges. CLC subsequently approached the County with a request for financial assistance to help offset some of this unanticipated expense.

Discussion between the Board and staff included confirmation that lease agreements don't invite this type of request, not setting any type of precedent.

There was no public comment.

A motion was made by Commissioner Epstein and seconded by Commissioner Vogelheim to direct staff to make payment of \$1,400 to the Children's Learning Center as financial assistance for higher than normal water/sewer bills associated with a summer 2018 leak in the irrigation system at the Rafter J childcare facility. Chair Newcomb called for the vote. The vote showed all in favor and the motion carried.

### **17. Consideration of Approval of WPLI Resolution**

Chair Newcomb presented to the Board for consideration of approval a resolution proclaiming conservation principles for US Forest Service Lands in Teton County as a final recommendation of the Wyoming Public Lands Initiative (WPLI) process. In 2015, the Wyoming County Commissioners Association (WCCA) established the Wyoming Public Lands Initiative (WPLI) to develop a proposed management recommendation for the Wilderness Study Areas (WSAs) in Wyoming, and where possible, pursue other public land management issues and opportunities affecting Wyoming's landscape. In 2016, Teton County elected to participate in the WPLI process and appointed a 21-person Advisory Committee to consider the Shoal Creek and Palisades WSAs. Committee meetings were facilitated by the Ruckelshaus Institute (a division of the University of Wyoming's Haub School of Environment and Natural Resources). Ultimately the Committee submitted a number of proposals, at varying times, to the BCC for consideration. Although none of the formal proposals submitted by the Teton County WPLI Committee were advanced by the Board of County Commissioners, the Board did formally move to recognize the common ground established in each of the Committee's original three proposals as presented on August 20, 2018. The related motion stated that the Board chose to recognize as a resolution or as part of its WPLI recommendation, that all members of the WPLI advisory committee unanimously agree that within the Teton County public lands, protection of wildlife is a priority and that there would be no new roads, no new timber harvest except where necessary to support healthy forest initiatives, no new mineral extraction excepting gravel, no oil and gas exploration or development. The resolution before the Board for consideration today formalizes that intent, with some modifications reflective of subsequent discussions and clarifications, and is intended to serve as a formal WPLI recommendation from the Board of County Commissioners to the Wyoming County Commissioners Association.

**Resolution # 18-040**  
**RESOLUTION PROCLAIMING CONSERVATION PRINCIPLES**  
**FOR US FOREST SERVICE LANDS IN TETON COUNTY**

**WHEREAS**, Teton County's community vision is to preserve and protect the area's ecosystem in order to ensure a healthy environment, community, and economy for current and future generations;

**WHEREAS**, the Wyoming County Commissioners Association (WCCA) established the Wyoming Public Lands Initiative (WPLI) to develop a proposed management recommendation for the Wilderness Study Areas (WSAs) in Wyoming, and where possible, pursue other public land management issues and opportunities affecting Wyoming's landscape;

**WHEREAS**, the Teton County Board of Commissioners (Board) opted into the WPLI process in an effort to achieve formal proposals through a collaborative process that would form the basis for federal legislation to resolve the status of WSAs in whole or in part as Wilderness to be managed as per requirements of the 1964 Wilderness Act or in whole or in part released from WSA status to be managed via other methods available to the United States Forest Service (USFS), as well as to consider other areas of interest within the County for potential inclusion in its recommendation, including other land use designations, transfers, or other management actions not necessarily related to WSA designation or release;

**WHEREAS**, the Board abided by all WCCA guidelines as presented in the 2015 letter from the WCCA to all participating counties, including establishing a Teton County WPLI Committee (Committee) representing a broad cross-section of public lands stakeholders who drafted a charter, abided by the charter, met at monthly meetings open to the public, allowed public comment at all meetings, drafted publicly available minutes for all meetings, developed proposals and distributed proposals for public comment;

**WHEREAS**, the Committee's consideration of lands outside of WSAs was done in compliance with WCCA guideline II.i. and supported by extensive mapping work and careful descriptions of the landscapes under consideration;

**WHEREAS**, the Committee submitted three proposals at a regular meeting of the Board on August 20, 2018, public comment was taken and considered, and the Board remanded the Mountain Athletes Working Group (MAWG) Middle Ground Proposal back to the Committee to address concerns presented by dissenting members of the Committee with instructions to return a single proposal that achieved a 66% majority favorable vote;

**WHEREAS**, the Committee, by letter from WPLI Committee Co-chair Abigail Moore dated October 3, 2018, to the Board, submitted the new Combined Middle Ground Proposal dated September 17, 2018, with a 66% favorable vote and on October 9, 2018, further public comment was taken and considered at the regular Board meeting;

**WHEREAS**, the Board remanded that proposal and convened a special meeting on October 16<sup>th</sup>, 2018, at which Board voted not to advance the Combined Middle Ground Proposal and the Committee convened one final time, in the presence of the Board, and voted on the 10.16 Modified MAWG Proposal, which failed to obtain 66% majority support;

**WHEREAS**, as a result the Committee put forth no final specific recommendations on changes to the portions of the Palisades Wilderness Study Area (PWSA) and the Shoal Creek Wilderness Study Area (SCWSA) within Teton County;

**WHEREAS**, the Board stated that as a result, the Teton County WPLI process formally recognizes the continued status of the PWSA and the SCWSA within Teton County as WSAs per the 1984 Wyoming Wilderness Act;

**WHEREAS**, prior to remanding the Combined Middle Ground Proposal on October 9, 2018, the Board formally moved to recognize the common ground established in each of the Committee's three proposals presented on August 20, 2018, as it applied to all public lands [sic: understood to mean USFS lands] within Teton County;

**WHEREAS**, the specific motion is recorded in the minutes as follows: "A motion was made by Paul Vogelheim and seconded by Greg Epstein to recognize as a resolution or as part of our WPLI recommendation, that all members of WPLI advisory committee unanimously agree that within the Teton County public lands, protection of wildlife is a priority and that there would be no new roads, no new timber harvest except where necessary to support healthy forest initiatives, no new mineral extraction excepting gravel, no oil and gas exploration or development.";

**WHEREAS**, further discussion clarified that representatives of summer motorized, winter motorized and heli-skiing only support timber and mineral withdrawal if the portions of the WSAs in Teton County were to be permanently released from consideration for Wilderness designation;

**WHEREAS**, importance of National Forest lands in Teton County to provide quality habitat for wildlife and fish sufficient to sustain ecosystem integrity and connectivity and to offer both motorized and non-motorized recreational access and experiences that allow people to connect with natural and cultural landscapes, improve mental and physical health, foster learning and personal growth, enhance bonds with family and friends, and support the local economy; and

**WHEREAS**, Teton County supports formal legislation as part of the WPLI legislative package, or independently of that package, to implement the following vision and ensure that USFS lands in Teton County be managed to achieve this vision:

- To conserve, protect, and enhance wildlife, watershed, and wildland resources and their associated ecological, scenic, recreational, cultural, educational, spiritual, and scientific values for the benefit of present and future generations.

**NOW THEREFORE**, having duly met at a regular meeting on November 13, 2018, and having fully considered the matter, it is hereby,

**RESOLVED**, that in order to achieve this vision the Board formally submits a recommendation for USFS lands in Teton County to permanently withdraw oil and gas leasing, hard rock mining, scheduled timber harvest and permanently protect inventoried roadless areas per the following language:

- Mineral withdrawal: All National Forest lands in Teton County will be withdrawn from mineral entry, with an exception for sand and gravel mining within one-quarter mile of existing roads. A mineral withdrawal includes prohibitions on new mining claims, oil and gas leasing and/or development, and mineral-related disposal of national forest lands. It does not affect valid existing rights.
- Commercial Timber Harvest: Commercial timber harvest will be prohibited on National Forest lands in Teton County. This prohibition does not apply to:
  - Fuel reduction activities, consisting of the cutting, sale or removal of generally small diameter trees within the wildland-urban interface where necessary to maintain or restore the characteristics of ecosystem composition and structure (such as to reduce the risk of uncharacteristic wildfire effects);
  - cutting, sale, or removal of timber that is incidental to the implementation of a management activity not otherwise prohibited, such as a wildlife habitat enhancement project;
  - cutting, sale, or removal of timber that is needed and appropriate for personal or administrative use; and
  - ~~any commercial timber harvest must be carried out in accordance with applicable law, including regulations (such as the Roadless Area Conservation Rule).~~
  - These limited exceptions mirror those found in the Roadless Area Conservation Rule (36 C.F.R. 294.13). The prohibition does not prohibit cutting fuel wood for personal use or Christmas tree cutting.
- New roads: The construction of permanent or temporary roads will be prohibited within National Forest lands in Teton County except where necessary to:
  - Protect the health and safety of individuals in cases of an imminent threat of flood, fire, or any other catastrophic event that, without intervention, would cause the loss of life or property;
  - conduct environmental cleanup required by the United States of America;
  - allow for the exercise of reserved or outstanding rights provided for by a statute or treaty; and
  - prevent irreparable resource damage by an existing road or rectify a hazardous road condition.
  - These limited exceptions mirror those found in the Roadless Area Conservation Rule (36 C.F.R. 294.12) and Public Law 111-11, section 1204(f) (Mt. Hood, Oregon).
- ~~Existing Wilderness Study Areas: Teton County does not support any legislation removing or weakening the management standards for the Palisades and Shoal Creek Wilderness Study Areas provided by the Wyoming Wilderness Act of 1984. The appropriate time to consider the future of these Wilderness Study Areas is during the Forest Plan Revision process, as directed by Section 301(a) of the Wyoming Wilderness Act.~~
- *Note: National forest lands within Teton County include the Teton County portions of the Bridger-Teton, Caribou-Targhee, and Shoshone National Forests.*

**BE IT FURTHER RESOLVED**, that in compliance with the WCCA Guideline instrument’s paragraph II.i. requirement that each recommendation should be accompanied with sufficient rationale for the recommendation made, the Board provides a map outlining the respective areas of interest (map title: “TCBCC WPLI Resolution Map”) as well as a descriptive instrument (instrument title: “USFS Teton Outstanding Areas – Teton County, Wyoming”) that provides a rationale for the recommendation for each area; and

**BE IT FURTHER RESOLVED**, that the Board ~~eagerly anticipates assisting urges~~ the WCCA, the Governor of Wyoming, Wyoming’s U.S. Representative and U.S. Senators, and interested citizens ~~in crafting and advocating for supports~~ the passage of legislation in the 115<sup>th</sup> United States Congress or a subsequent Congress that incorporates the provisions of this resolution.
