Teton County Health Department
COVID-19 Guidance for Retail Businesses

Reference: *CDC Considerations*
Revised on May 9, 2022

Face Coverings

- When in the Red (High) Risk Level the CDC recommends <u>wearing a mask when in public, indoor settings.</u>
- Businesses may develop their own mask policies for their staff and patrons, as long as accommodations can be made for those requiring exemptions.
- Suggestions Include:
  - Staff that come within 6 feet of patrons and other staff should wear face coverings.
  - Patrons should wear face coverings at all times when entering and while inside the business.
  - Provide free masks at the entrance, which can be obtained from the Jackson Hole Chamber of Commerce.

Signage

- Post signage in highly visible locations (e.g., at entrances and in restrooms) that promote social distancing, hand hygiene, use of face coverings and not to enter if they have symptoms of COVID-19.

Contactless Options

- Offer online shopping.
- Encourage touch-free payment, or credit card transactions over cash.
- Offer curbside pickup or delivery.

Cleaning and Disinfecting

- Cleaning and disinfecting should be performed multiple times a day on all frequently touched surfaces (e.g., door handles, cash registers, workstations, sink handles, bathroom stalls, countertops), as well as shared objects (e.g.; payment terminals, etc.) between each use.

Hand Hygiene

- Hand sanitizer should be readily available at the entrance, exit, and at the cash registers.

Physical Distancing

- Maintain at least 6 feet of distance from patrons and coworkers, when possible.
- Encourage patrons to stay at least 6 feet apart while in line by providing physical guidance and visual cues, such as signs, tape or graphics on the floors.

Employee Illness and Testing

- Encourage all employees:
  - To stay home, stay away from others and test regardless of vaccination status if they have any COVID-19 like symptoms.
  - To quarantine and test (at appropriate time) if not fully vaccinated and have been exposed to an individual who tested positive for COVID-19.
  - To get <u>vaccinated</u>.
- Visit the <u>CDC's website</u> for guidance on fully vaccinated individuals.
