COVID-19 Updates and Resources – November 5, 2021

New Information:

1) Current Cases and Statistics

- This week Teton County remains in **RED (HIGH) RISK LEVEL**.
- For the last 7 days, Teton County new cases are 264.2 cases per 100,000 population. Teton County’s COVID curve is slowly trending downward, both new case rate and percent test positivity are declining compared with last week.
- 4.04% of COVID-19 tests in the past two weeks were positive.
- Between October 26, 2021 and November 2, 2021 (7 days) 85 cases were detected. 62 of these cases were from people who live in Teton County. 23 cases were from visitors, workers who live in surrounding communities, and other non-Teton County cases who tested in Teton County.

**Note:** we have adjusted reporting to the last 7 days to align with new case rate reporting.

- 44.3% of cases in the past two weeks have been due to community spread.
- As of 11/3/21, there were 59 known active cases in Teton County.
- Between 10/25 – 11/1, St. John’s reported an average of 38.7% overall occupancy and ICU 47.6% occupancy. There has been an average of 3.29 PCU COVID+ patients and 1.71 ICU/Transfers COVID+ patient per day.
- Statewide, WY reported 69 new COVID-related deaths on 11/1; From Oct 4-Nov 1, WY has reported 247 COVID-related deaths.
- In Red, the [Dashboard](https://hipaa.jotform.com/TCHD/kidscovidvax) will be updated 4x weekly Tuesday through Friday as data is available.
- To learn more about our updated transmission metric system, read our [press release](https://hipaa.jotform.com/TCHD/kidscovidvax) and view the [metrics website](https://hipaa.jotform.com/TCHD/kidscovidvax).
- Print and post the [All Risk Level Infographic](https://hipaa.jotform.com/TCHD/kidscovidvax).

2) COVID-19 Vaccine for 5-11 Year Olds

- After authorization by the US Food and Drug Administration (FDA) and the recommendation from the Centers for Disease Control and Prevention (CDC) on November 2, 2021, the Pfizer-BioNTech COVID-19 vaccine has been authorized and recommended for children 5 to 11 years of age.
- A dose of Pfizer for young children contains one-third the amount of active ingredient compared to the adult dose. Parents and guardians should consult their healthcare provider or family physician for additional guidance or questions they have regarding the COVID-19 vaccine for children 5-11 years old.
- This is a two-dose vaccine series with the second dose occurring 3 weeks after the first dose.
- Upcoming COVID-19 Vaccine clinics for children 5-11 years old:
  - Thursday, November 11, 2021 – 10:00 AM to 6:45 PM
  - Saturday, November 13, 2021 – 8:30 AM to 3:45 PM
  - Tuesday, November 16, 2021 – 10:00 AM to 6:45 PM
- Appointments can be made by visiting [https://hipaa.jotform.com/TCHD/kidscovidvax](https://hipaa.jotform.com/TCHD/kidscovidvax) or by calling our Call Center at 307-732-8628.
- Flyers in [English](https://hipaa.jotform.com/TCHD/kidscovidvax) and [Spanish](https://hipaa.jotform.com/TCHD/kidscovidvax).

3) No-Cost COVID-19 Rapid PCR Tests

- Starting on Monday, November 8th **no-cost, rapid**, PCR tests will be available!
  - Monday: 7:30 AM – 3:30 PM
  - Tuesday: 7:30 AM – 11:30 AM
  - Wednesday: 7:30 AM – 3:30 PM
  - Thursday: 7:30 AM – 11:30 AM
  - Friday: 7:30 AM – 3:30 PM
  - Saturday: 9 AM – 1 PM
- Located at **520 S. Highway 89, Suites I&J, in the Target/Kmart Plaza next to Subway**.
- Curative will be offering a self-administered, shallow nasal, rapid PCR test for COVID-19 at this location.
- Approved for ages 5 and up.
- No out-of-pocket cost for the community, regardless of health insurance status and no proof of health insurance is needed to book an appointment.
- Test results take one hour.
- We are encouraging community members to utilize this rapid test if they are symptomatic or a close contact to someone who tested positive to COVID-19 and are in the correct window for testing. Please do not use these tests for surveillance testing or travel so that we can ensure those who need a result that day can receive one.
Curative’s other two kiosks which administers send out COVID-19 PCR tests in Teton County, WY will remain in place at the Teton County Library and the Home Ranch Welcome Center. These tests are perfect for all ages and for surveillance purposes.

Appointments for rapid and non-rapid Curative testing can be booked online: [www.curative.com](http://www.curative.com).

---

**Existing Information:**

1) **Flu Shots**
   - Flu Shots are available with an appointment at the Teton County Health Department. [Make an appointment at this link](http://www.curative.com).
     - Thursdays: 10 AM – 7 PM
     - Fridays: 8:30 AM – 5:30 PM
   - Flu shots are also available at pharmacies, St. John’s Health offices and independent providers around town.
   - Print and post these Flu Vaccine flyers in your breakroom - [English](http://www.curative.com) and [Spanish](http://www.curative.com).

2) **Resources for employees out of work due to COVID**
   - Individuals who are out of work due to COVID can apply for unemployment by calling the Jackson Workforce Center (307) 733-4091. Please don’t have them go in-person if they are currently on quarantine or isolation. Each unemployment application is evaluated as to whether they are eligible based on UI requirements.
   - If someone contracts COVID-19 while at work, they can file a Workers Compensation Claim. They would need to go to the Department of Workforce Services Website and click on the Wyoming Report of Injury form and complete that.
   - They cannot file for both unemployment and Workers Compensation.

3) **Reminder**
   - Close contact to a positive case is defined as 6 feet or less for 15 minutes or more, whether you are unmasked/masked and or inside/outside. (Exception is in K-12 schools where both students are masked). BUT by wearing a mask you are protecting yourself and neighbors from getting sick from COVID and reducing COVID-related hospitalizations and overburdening our healthcare system.

4) **New Recommendation for Vaccinated Individuals**
   - Based on evolving evidence, CDC now recommends fully vaccinated people get tested 5-7 days after close contact with a person with suspected or confirmed COVID-19 (instead of 3-5 days).

5) **UPDATED Contact Tracing Flow Chart**
   - To reflect the new CDC recommendations (mentioned above), please print out the updated 10/29/21 contact tracing flow chart for businesses and childcare centers or for K-12 schools. This document will help you navigate an exposure, determine who is and who is not a close contact, and action steps for those individuals.
     - As a reminder: All cases will be contacted. When we have a surge like we are experiencing right now, contacts may not be called but information will be made available to the case or the employer to share with the contacts.

6) **Teton County Face Covering Order**
   - Public Health Order #21-5 requiring individuals within Teton County, Wyoming to wear face coverings in certain places, with exceptions is in effect through December 31, 2021.
     - Masks will be required when the County risk level is Red (high) or Orange (moderate). If the risk level decreases to Yellow (low) or Green (new normal), masks will not be required. The community will be notified when the County’s risk level moves to Yellow.
     - Notices to changes in the mask mandate, along with weekly updates are sent out via text message through Nixle. [Sign up here](http://www.nixle.com) or text 83001 to 888777.
   - To view the signed Health Order that applies within Jackson City limits, [click here](http://www.curative.com).
   - To view the signed Health Order that applies in the unincorporated area of Teton County, [click here](http://www.curative.com).
   - Free surgical masks available at the JH Chamber of Commerce. Just stop by! 260 W Broadway, Suite A, 7 days a week from 8am to 5pm.
   - Mask signage options
7) COVID-19 Vaccine Info

- The COVID vaccine clinic is being held at the Presbyterian Church of Jackson Hole.
- Walk-ins are currently not accepted so that we can most efficiently serve the increased demand for vaccines: please make an appointment online.
  - Wednesdays: 8:30 AM – 12 PM; 1 PM – 5 PM
  - Thursdays: 10 AM – 1:30 PM; 2:30 PM – 7 PM
  - Fridays: 8:30 AM – 12 PM; 1 PM – 4 PM
  - Saturdays: 8:30 AM – 12 PM; 1 PM – 4 PM

- MODERNA AND PFIZER BOOSTER
  - Moderna and Pfizer COVID-19 vaccine boosters are both now authorized for certain individuals at least 6 months after their second dose.
  - Eligible groups for the Moderna or Pfizer Booster:
    - 65 years of age and older
    - Age 18+ who live in long-term care settings
    - Age 18+ who have underlying medical conditions
    - Age 18+ who work or live in high-risk settings
  - Examples of workers:
    a. First responders (e.g., healthcare workers, firefighters, police, congregate care staff)
    b. Education staff (e.g., teachers, support staff, daycare workers)
    c. Food and agriculture workers
    d. Manufacturing workers
    e. Corrections workers
    f. U.S. Postal Service workers
    g. Public transit workers
    h. Grocery store workers

- J&J BOOSTER
  - J&J vaccine boosters are now authorized to ALL recipients of J&J, at least 2 months after their initial dose. This is slightly different from Pfizer and Moderna.

- MIXING VACCINE TYPES
  - The CDC approved a “mix and match” approach for booster doses, which means people may receive COVID-19 booster doses produced by a different company than what they were given earlier. For example, those who previously received the one-dose J&J vaccine may choose a booster dose of either a Moderna or Pfizer COVID-19 vaccine. Please refer to the above table for full details.

- IMMUNOCOMPROMISED INDIVIDUALS
  - Individuals who are immunocompromised and received their 1st and 2nd dose of either the Pfizer COVID-19 vaccine or the Moderna COVID-19 vaccine are eligible to receive an additional dose (3rd full dose) of the same vaccine type, at least 28 days after their second dose, based on the FDA authorization and CDC recommendation made on August 13, 2021.

- For ongoing and general clinic information, visit www.tetoncountywy.gov/covidvax for frequent updates. Call our COVID hotline at 307-732-8628 between 9AM-4PM Monday-Friday to get assistance or you can email covidvax@tetoncountywy.gov if you have questions.
- Print and post these COVID Vaccine flyers in your breakroom - English and Spanish.
- Community members can also book vaccine appointments at Albertsons and Smith’s Pharmacies.
  - Both Pharmacies have the Moderna Vaccine and can accommodate both 1st and 2nd doses
  - Smith’s sometimes has J&J vaccine – check online or give them a call to confirm if you are interested.

8) Testing Info

- WHEN TO TEST?
  - If you have symptoms (vaccinated or not) – test immediately. This includes cold-like symptoms! Individuals should leave work and isolate from others until they receive negative results (see below if exposed).
  - If exposed to someone who tested positive (you are likely to hear from Public Health):
    - FULLY VACCINATED (>2 weeks after last recommended dose):
      a. SYMPTOMATIC? Test immediately. Quarantine until results received. Isolate if positive.
      b. NO SYMPTOMS? Test 3-5 days following a known exposure to someone with suspected or confirmed COVID-19. Wear a mask in all indoor settings for 14 days or until negative test result. Monitor for symptoms for 14 days. Isolate if test is positive.
- **NOT FULLY VACCINATED**: Quarantine and test at appropriate time (immediately if symptomatic; no earlier than day 5 if asymptomatic). Monitor for symptoms for 14 days.

- **FREE CURATIVE TESTS**
  - Curative has shifted tests to a shallow nasal swab.
  - Kiosk Locations:
    - Teton County Library Parking Lot (open from Monday through Friday 8AM – 3:30PM)
    - Jackson Home Ranch Welcome Center Parking Lot (open from Monday through Friday 7:30AM - 3PM)
  - Walk-ins welcome or make your appointment on curative.com.
  - Print and post the updated 7.2.21 Curative Testing Flyer in English and Spanish to promote free COVID-19 testing for both locals and visitors. Reach out if you would like to request copies.

- **FREE VAULT SALIVA TESTS**
  - Vault tests are still available to order for free for individuals and businesses.
  - Also available to pick up outside the Teton County Health Department in a cooler.

- **SURVEILLANCE TESTING**
  - Surveillance testing is encouraged regardless of vaccine status, however it is especially important for those that are unvaccinated and those who work closely with travelers, vulnerable populations, and those who work in communal living environments.
  - Individuals may test if fully vaccinated. Being vaccinated will not affect your results.
  - We ask that if you are interested, please re-enroll by filling out the new Business Surveillance Testing Sign-Up Form. We have sunsetted our previous list on July 1st.
  - You may fill out the form for each employee yourself or give to your employee directly.
  - If you are new to surveillance testing and would like more information please email covid-testing@tetoncountywy.gov or check out our website Business Surveillance Testing.
