Mobilizing Jackson Hole

Jackson/Teton Integrated Transportation Plan

Workshops

October 29, 2014
11:00am - 1:00pm
4:00pm - 7:00pm
The Center for the Arts
240 S. Glenwood St.

Stop by anytime to let us know how we can make it easier to get around the Town of Jackson and Teton County. We are currently drafting a plan to meet future transportation demand through the use of alternative modes - walking, biking, and taking transit - and we’d like to hear from you.

Come learn about area transportation trends and potential improvements and help us identify which projects and programs are the most important. Before your visit, check out the project website for background information including materials from our first public workshop held in June.

Food and drink will be provided.
