Grooming Update 3/21/24

The Teton County/Jackson Parks and Recreation Department would like to thank the community for your patience this year as we had a late start to the winter and fairly short grooming season compared to prior years. Staff will continue to groom the backcountry locations, Cache and Game Creek, through March 30, 2024, if conditions allow. Emily's Levee and Stilson area will be groomed through this Saturday 3/23/24. High School Loop will be evaluated today and tomorrow and groomed through this Saturday if conditions allow. May Park and South Park Loop Rd are done for the season. If you have questions, you can reach out to Dan Bierman, Parks Operations Manager, with questions. dbierman@tetoncountywy.gov.

Thanks again for a great, albeit short, winter grooming season.
