## Pathway Sealcoating Project

**July 30, 2024, Jackson Wyo.** – Pathway users may experience delays and/or closures next week to allow contractors to sealcoat portions of the pathway.

The annual sealcoating project will occur Monday, August 5 through Friday, August 9, 2024, weather dependent. The public should expect temporary closures and/or delays and should adhere to signage and barricades in areas where working is being done.

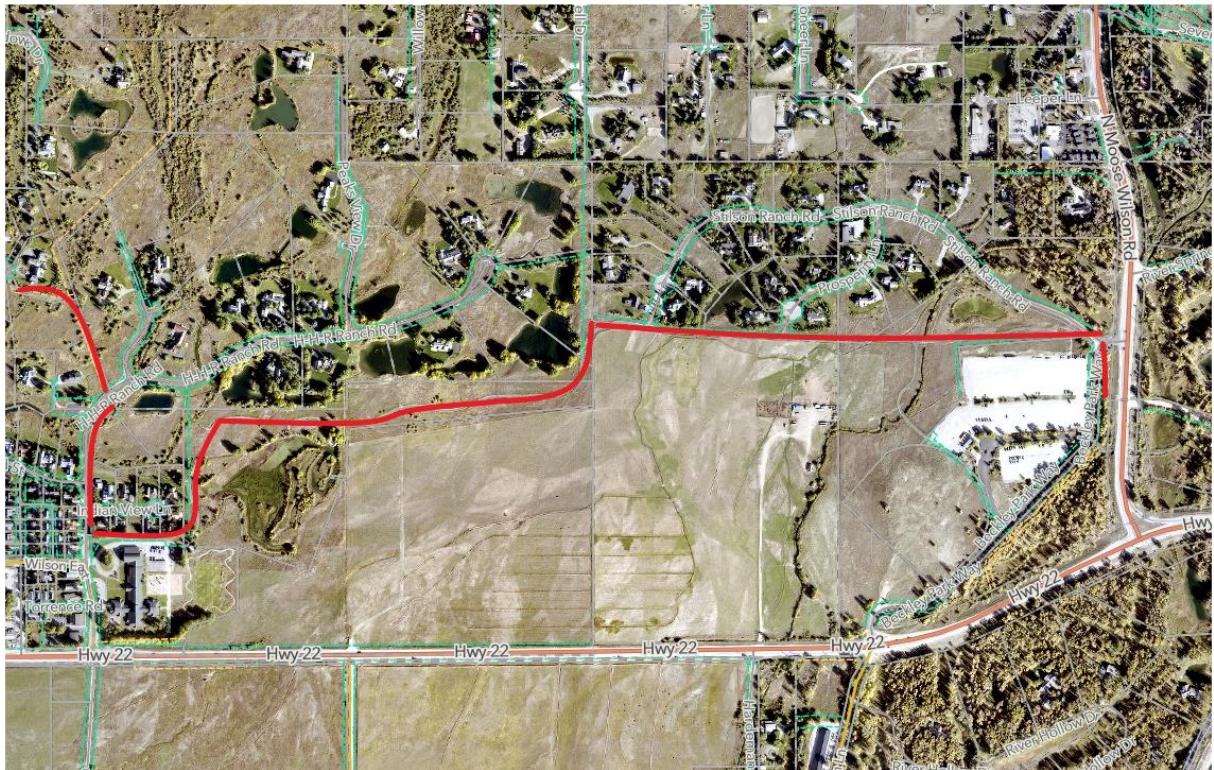

The sealcoating project includes the following areas: Wilson/Centennial Pathway; the connector from Wilson School to Highway 22; Highway 22 pathway from Wilson to Trail Creek; and North Highway 89 starting at Town limits and extending to the first bridge at Gros Ventre River.

Sealcoating is done every year as routine maintenance.

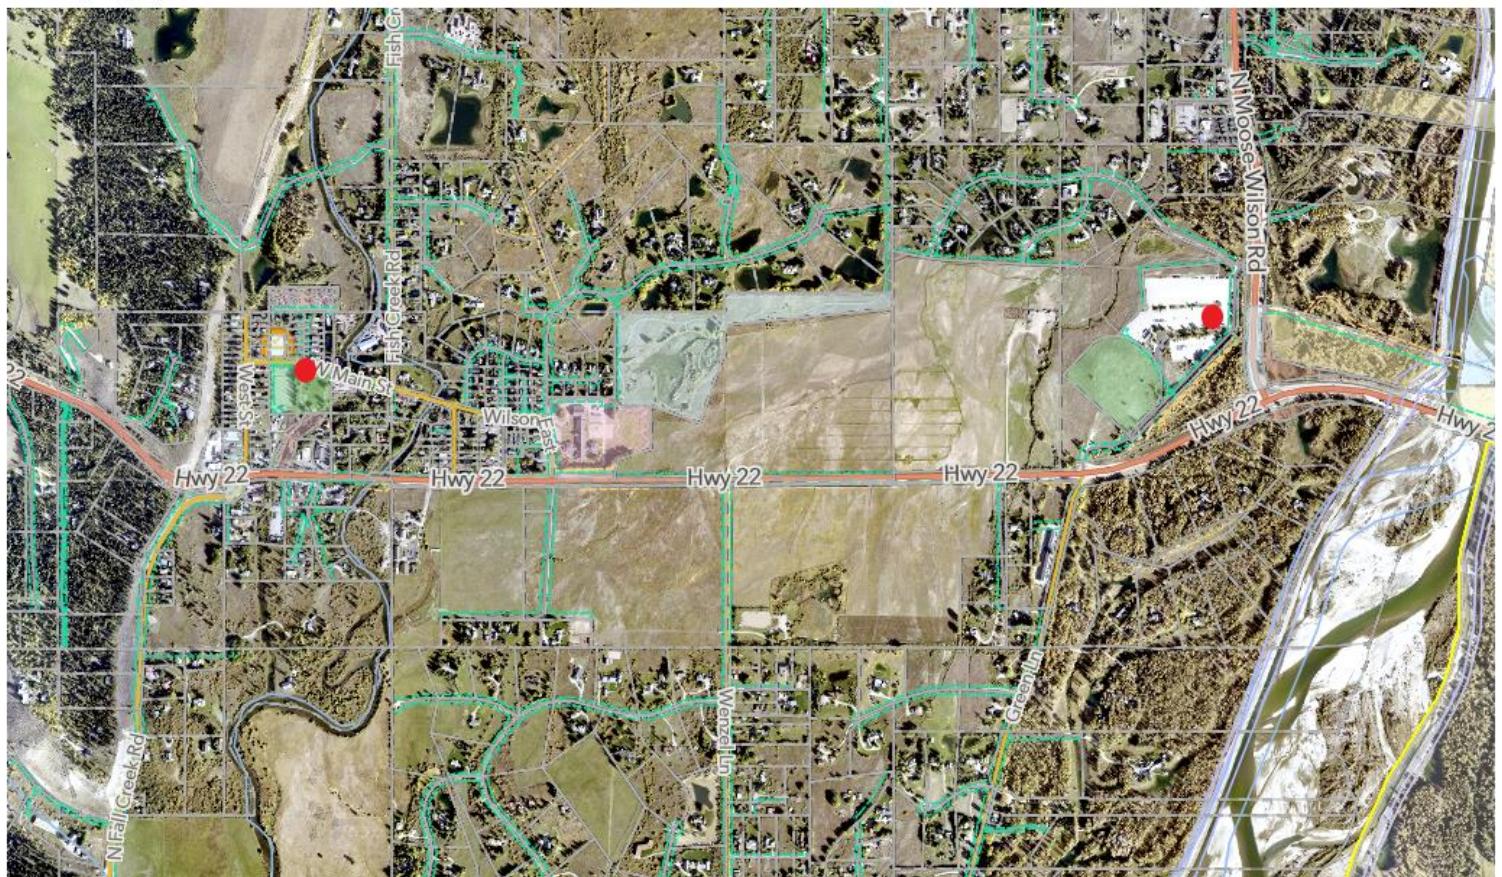

For questions or concerns, please contact Parks Superintendent, Andy Erskine at [aerskine@tetoncountwy.gov](mailto:aerskine@tetoncountwy.gov), or Cody Daigle at [Cdaigle@tetoncountwy.gov](mailto:Cdaigle@tetoncountwy.gov).
