For Immediate Release

Sauna Currently Closed at the Recreation Center

April 3, 2025, Jackson, Wyo. – The sauna at the Teton County/Jackson Recreation Center is currently closed to allow for the installation of a modern replacement.

The new sauna will offer a more comfortable, efficient, and updated experience for all users and is part of an ongoing effort to enhance the quality and accessibility of amenities at the Recreation Center.

Teton County/Jackson Parks and Recreation staff recognize the inconvenience of the closure and will provide an update when the project is completed, and the sauna reopens.

For questions or concerns, please contact Recreation Center Superintendent Cody Daigle at cdaigle@tetoncountywy.gov or Project Manager Max Moran at mmoran@tetoncountywy.gov.
